**Pir-e-kamil** 'Umairah Ahmad 2011 **Lasers in Neurosurgery** R. V. Jeffreys 1992 **Learning Apache Kafka Second Edition** Nishant Garg 2015-02-26 This book is for readers who want to know more about Apache Kafka at a hands-on level; the key audience is those with software development experience but no prior exposure to Apache Kafka or similar technologies. It is also useful for enterprise application developers and big data enthusiasts who have worked with other publisher-subscriber-based systems and want to explore Apache Kafka as a futuristic solution.

**Leadership and Management in the Hospitality Industry** Robert H. Woods 2002

**Like a Splinter in Your Mind** Matt Lawrence 2004-07-16 Like a Splinter in Your Mind leads readers through the myriad of philosophical themes within the Matrix trilogy, helping them to gain a better understanding of the films and of philosophy itself. Offers a way into philosophy through the Matrix films. Covers thirteen of the biggest philosophical questions in thirteen self-sufficient chapters suitable for course use. Demonstrates how each of these questions is illustrated through the events and characters of the films. Considers whether sentient machines are possible, and whether we should expect them to face the same existentialist issues that we do. Familiarises readers with key issues in metaphysics, epistemology, ethics, philosophy of mind, race and gender, existentialism, Taoism and mysticism. Includes a chapter that explains some of the technical elements of the films and confusing aspects of the plot. Also includes a Matrix glossary, and a cast of characters and their related symbolism.

**Leadership Coaching** Tony Stoltzfus 2005-06-28 Leadership Coaching is an essential tool for anyone who wants to learn to coach or improve their coaching skills. Written by a top Christian coach trainer, it is filled with real-life stories, practical tools and application exercises that bring coaching techniques to life. Part I is an in-depth look at how coaching fits with the purposes of God. Starting with key biblical concepts about how God builds leaders, this book goes beyond proof-texting to present an integrated, values-based paradigm for leadership coaching. Part II uses a hands-on, interactive approach to show you how to coach. Utilizing the seven key elements of effective coaching as a framework, each facet of the coaching relationship is explained in detail. Then follow-up Master Class sections help you internalize the key concepts and try them out in real life. Leadership coaching is a great introduction to a powerful way of helping others grow. *The Bariatric Bible* CAROL. BOWEN BALL 2019-04-30 This comprehensive guide offers advice on the types of surgery on offer and highlights the many diets that are required prior to surgery. Its main focus is on advice and recipes for after surgery to help the post-op patient maximise their best chance of long-term success with weight-loss and better health.

**Law: A Very Short Introduction** Raymond Wacks 2008-03-27 Law underlies our society - it protects our rights, imposes duties on each of us, and establishes a framework for the conduct of almost every social, political, and economic activity. The punishment of crime, compensation of the injured, and the enforcement of contracts are merely some of the tasks of a modern legal system. It also strives to achieve justice, promote freedom, and protect our security. The result is a system that, while it touches all of our daily lives, is properly understood by only a few, with its impenetrable jargon, obsolete procedures, and interminable stream of Byzantine statutes and judgments of the courts. This clear, jargon-free Very Short Introduction aims to redress that balance, as it introduces the essentials of law and legal systems in a lively, accessible, and stimulating manner. Explaining the main concepts, terms, and processes of the legal system, it focuses on the Western tradition (the common law and the civil law), but also includes discussions of other legal systems, such as customary law and Islamic law. And it looks to the future too, as globalization and rapid advances in technology place increasing strain on our current legal system. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

*The Fenris Device* Brian M. Stableford 2011 In a galactic culture that extends from quasi-Utopian worlds like New Alexandria to vermin-infested slums like Old Earth, the Star-Pilots that link the cosmos are the great heroes of the day, and Grainger has become a legend in his own lifetime. The atmosphere of Mormyr is so dense that the surface is unreachable, which made it the ideal place for the alien Gallacellans to hide an ancient spaceship. Now they want it back. Grainger refuses, but when the Hooded Swan answers a mayday call, Grainger and his crew are trapped by a madman, who forces them to pursue the salvage anyway. Success will mean Grainger's freedom from Titus Charlot, owner of the Hooded Swan; failure will mean the death of the inhabitants of an entire planet. And then the Gallacellans appear!

**Psychomech** Brian Lumley 2001-08-18 Richard Garrison, a Corporal in the British Military Police, loses his sight while trying to save the wife and child of millionaire industrialist Thomas Schroeder from a terrorist bomb. While Garrison is recovering from his injuries, Schroeder makes him an offer the young man cannot refuse-refuge at Schroeder's luxurious mountain retreat and rehabilitation from the best doctors who can treat Garrison's blindness and if not cure him at least teach him a new way of life. But Thomas Schroeder has a secret. He is dying and determined not to lose his life. The doctors tell him his body cannot be saved. But about his mind? Garrison's healthy young body would make an excellent replacement for Schroeder's failing corpus, if the machines to perform the operation can be perfected in time. Garrison has no secrets of his own. Since the bombing that caused a loss of his sight, Garrison has become aware of new abilities slowly developing in his mind: mental powers he is beginning to master; strengths Schroeder cannot expect. Richard Garrison and Thomas Schroeder, two strong-willed men locked in battle for the greatest prize-life itself. *The Turkish Peace* Hazrat Mirza Bashiruddin Mahmud Ahmad 2019

**Leica Camera Repair Handbook** Thomas Tomosy 1999 With great detail this book outlines all of the techniques needed to repair and restore Leica cameras, lenses, and accessories?including light meters, winders/motors, viewfinders, and flash units. Each model of equipment is discussed individually with step-by-step illustrated instructions. Readers will not only learn how to disassemble and repair equipment, but also how to troubleshoot and make cosmetic restorations. A glossary of technical terms and an abstract containing the basic fundamentals of camera repair are also included.

**Rait Se But Na Bana (Roman Urdu Edition)** Farhat Ishtiaq 2020-02-19 Rait se but na bana is social romantic novel by Farhat Ishtiaq. It was published in monthly Pakeeza digest. Farhat Ishtiaq is the well known Urdu novelist and famous for her love, romance and social novels, especially for women. She has been writing many Urdu Social, Love, Romantic, and fiction novels for many years in Urdu Digests of Pakistan. **Life-Changing Bible Verses You Should Know** Erwin W. Lutzer 2011-08-01 After Erwin Lutzer, senior pastor of the Moody Church, and his wife, Rebecca, realized that memorizing Scripture has nearly become a lost pursuit today, they decided to create this practical, relevant resource filled with powerful verses and insightful explanations to help stimulate a spiritual hunger in readers' own lives. With more than 35 topics and questions for reflection and further study, readers will discover how God's Word will: sustain them in times of need comfort them in seasons of sorrow strengthen their hearts in times and areas of weakness direct their steps and decisions toward God's will These handpicked verses provide a foundation of wisdom and hope to show readers who God is and what He has done for them, as well as who they are and how they can successfully live the Christian life.

*Bahishti Zewar* Ashraf Ali Thanvi 1996

**Psychamok** Brian Lumley 2002-08-01 Brian Lumley is an international horror phenomenon, with books published in thirteen countries, including China, the Czech Republic, Germany, Japan, Russia, and Spain. More than two million books have been sold in his Necroscope series alone, but that barely taps the potential of this wildly imaginative author. Lumley's horror often crosses the dividing lines between fantasy and horror or between science fiction and horror. The Psychomech trilogy, of which Psychamok is the conclusion, is a perfect blend of science fiction, adventure, and horror, combining in a fast-paced whirlwind of a story that leaves the reader doubting the evidence of his or her own senses. Richard Garrison was once a corporal in the British Military Police, until a terrorist's bomb destroyed his eyesight and his career. Repaying Garrison for saving his wife and child from the blast, millionaire industrialist Thomas Schroeder introduced him to the Psychomech, an amazing machine that could either gift its users with astonishing mental powers-or destroy them utterly.

Having successfully harnessed the Psychomech, Garrison discovered the Psychosphere, a strange plane of existence where mental abilities were all. Thought became intent, word became deed, and Garrison became like unto a god. Two decades later, Garrison is utilizing his unique powers to explore the universe.

On Earth, his son, Richard Stone, is happily in love, until his beloved falls victim to "The Gibbering," a plague of madness that destroys men and women by destroying their minds. There is no obvious cause. There is no cure. There are no survivors. When Richard Stone himself is infected by the Gibbering, the mental powers he inherited from his father enable him to defeat the madness, at least for a while. Then, to his horror, Stone discovers that the Psychomech has run amok and that the Gibbering is the result! Even though the insanity it creates batters his struggling mind, Stone realizes he is the only man with the knowledge and power capable of destroying the berserker mind-machine. The son of Garrison is at war with Psychomech. Who will survive the final battle, man or machine? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Eating for Life** Meredith Books 2001 Savvy, healthy ways to savor life while slowing down nature's clock. This innovative cookbook features foods that contain naturally occurring health benefits. 160 recipes. 40 tips. 52 photos.

**Learning to Rank for Information Retrieval and Natural Language Processing, Second Edition** Hang Li 2022-05-31 Learning to rank refers to machine learning techniques for training a model in a ranking task. Learning to rank is useful for many applications in information retrieval, natural language processing, and data mining. Intensive studies have been conducted on its problems recently, and significant progress has been made. This lecture gives an introduction to the area including the fundamental problems, major approaches, theories, applications, and future work. The author begins by showing that various ranking problems in information retrieval and natural language processing can be formalized as two basic ranking tasks, namely ranking creation (or simply ranking) and ranking aggregation. In ranking creation, given a request, one wants to generate a ranking list of offerings based on the features derived from the request and the offerings. In ranking aggregation, given a request, as well as a number of ranking lists of offerings, one wants to generate a new ranking list of the offerings. Ranking creation (or ranking) is the major problem in learning to rank. It is usually formalized as a supervised learning task. The author gives detailed explanations on learning for ranking creation and ranking aggregation, including training and testing, evaluation, feature creation, and major approaches. Many methods have been proposed for ranking creation. The methods can be categorized as the pointwise, pairwise, and listwise approaches according to the loss functions they employ. They can also be categorized according to the techniques they employ, such as the SVM based, Boosting based, and Neural Network based approaches. The author also introduces some popular learning to rank methods in details. These include: PRank, OC SVM, McRank, Ranking SVM, IR SVM, GBRank, RankNet, ListNet & ListMLE, AdaRank, SVM MAP, SoftRank, LambdaRank, LambdadaMART, Borda Count, Markov Chain, and CRanking. The author explains several example applications of learning to rank including web search, collaborative filtering, definition search, keyword extraction, query dependent summarization, and re-ranking in machine translation. A formulation of learning for ranking creation is given in the statistical learning framework. Ongoing and future research directions for learning to rank are also discussed. Table of Contents: Learning to Rank / Learning for Ranking Creation / Learning for Ranking Aggregation / Methods of Learning to Rank / Applications of Learning to Rank / Theory of Learning to Rank / Ongoing and Future Work

*Call of the Marching Bell* Sir Muhammad Iqbal 1997-01-01 An excellent work detailing with notes the thoughts of Allama Iqbal in his famous work. The text features extensive notes and gives an introduction to each poem.

**The Last Aerie** Brian Lumley 2011-04-01 Nestor and Nathan Kiklu are the twin sons of Harry Keogh, the Necroscope. United by blood, they also share some of their father's awesome powers—but what they do with those gifts cannot be more different! Nathan takes up the struggle against the metamorphic vampires, while Nestor, fascinated by the vampires' eerie evil, has become his twin's worst nightmare: a Wamphyri Lord! Harry Keogh's sons have become the bitterest of enemies, each determined to destroy the other. When next they meet, one will surely die! At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Language: The Basics** R.L. Trask 2003-09-02 What makes human language unique? Do women speak differently from men? Just what is the meaning of "meaning"? Language: The Basics provides a concise introduction to the study of language. Written in an engaging and entertaining style, it encourages the reader to think about the way language works. It features: \* chapters on 'Language in Use', 'Attitudes to Language', 'Children and Language' and 'Language, Mind and Brain' \* a section on sign language \* a glossary of key terms \* handy annotated guides to further reading. Providing an accessible overview of a fascinating subject, this is an essential book for all students and anyone who's ever been accused of splitting an infinitive.

*River of Fire* Qurratulain Hyder 2019-03-26 "Magisterial" (Pankaj Mishra, The New York Review of Books) and "to Urdu fiction what One Hundred Years of Solitude is to Hispanic literature" (TLS) The most important novel of twentieth-century Urdu fiction, Qurratulain Hyder's River of Fire encompasses the fates of four recurring characters over two and a half millennia. These characters become crisscrossed and strangely inseparable over different eras, forming and reforming their relationships in romance and war, in possession and dispossession. River of Fire interweaves parables, legends, dreams, diaries, and letters, forming a rich tapestry of history and human emotions and redefining Indian identity. But above all, it's a unique pleasure to read Hyder's singular prose style: "Lyrical and witty, occasionally idiosyncratic, it is always alluring and allusive: Flora Annie Steel and E. M. Forster encounter classical Urdu poets; Eliot and Virginia Woolf meet Faiz Ahmed Faiz" (The Times Literary Supplement).

**Left for Dead** Pete Nelson 2002-05-14 For fans of sea battles, adventures, and war stories like Unbroken, this is the incredible true story of a boy who helps to bring closure to the survivors of the tragic sinking of the USS Indianapolis, and helps exonerate the ship's captain fifty years later. Hunter Scott first learned about the sinking of the USS Indianapolis by watching the movie Jaws when he was just eleven-years-old. This was fifty years after the ship had sunk, throwing more than 1,000 men into shark-infested waters—a long fifty years in which justice still had not been served. It was just after midnight on July 30, 1945 when the USS Indianapolis was torpedoed by a Japanese submarine. Those who survived the fiery sinking—some injured, many without life jackets—struggled to stay afloat as they waited for rescue. But the United States Navy did not even know they were missing. As time went on, the Navy needed a scapegoat for this disaster. So it court-martialed the captain for "hazarding" his ship. The survivors of the Indianapolis knew that their captain was not to blame. For fifty years they worked to clear his name, even after his untimely death. But the navy would not budge—not until Hunter entered the picture. His history fair project on the Indianapolis soon became a crusade to restore the captain's good name and the honor of the men who served under him. Praise for Left for Dead: Christopher Award Winner An ALA-YALSA Best Nonfiction for Young Adults Book "Compelling, dreadful, and amazing."—VOYA "This exciting, life-affirming book about war heroics and justice . . . proves without question the impact one student can have on history."—Booklist "Well written and well documented ... this excellent presentation fills a void in most World War II collections "—School Library Journal "Young readers . . . will no doubt be inspired by the youth's tenacity—and by the valor of those who served on the Indianapolis."—The Horn Book

**Latino Americans** Ray Suarez 2013 EL LIBRO COMPLEMENTARIO DE LA CONOCIDA SERIE DOCUMENTAL DE PBS Latino americanos relata la rica y variada historia de los Latinos que han contribuido a darle forma a nuestra nación, y quienes se han convertido --con más de 50 millones de personas-- en la minoría más numerosa de los Estados Unidos. Este complemento de la conocida miniserie de PBS relata, de manera vívida y franca, cómo la historia de los latinoamericanos es la historia de nuestro país. El aclamado periodista y autor Ray Suarez explora las vidas de hombres y mujeres latinoamericanos en un período de quinientos años, e incluye una gama épica de experiencias que abarca desde los primeros asentamientos europeos al Destino Manifiesto; del Salvaje Oeste a la Guerra Fría; de la Gran Depresión a la globalización; de la Guerra Hispano-Estadounidense al movimiento de los derechos civiles. Latino americanos comparte las luchas personales y los éxitos de inmigrantes, poetas, soldados y muchos otros: individuos que han causado un impacto en la historia y aquellos cuyas extraordinarias vidas iluminan la época en que vivieron, así como el legado de estos sensacionales estadounidenses.

*Linux Operations and Administration* Alfred Basta 2012-07-23 LINUX OPERATIONS AND ADMINISTRATION introduces readers to Linux operations and system administration through a unified installation, using virtual machines. This text is more effective than those that take a professional approach because it eliminates confusion from working with differing hardware configurations, while allowing users to test interoperability between Linux and Windows. Detailed, yet reader-friendly, Linux Operations and Administration makes it easy to learn Linux and practice it with helpful in-text features like learning objectives and key terms, as well as items for self assessment such as review questions, hands-on activities, and case projects. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*God's Own Land* Shaukat Siddiqi 1991

*Life Lessons for Mastering the Law of Attraction* Jack Canfield 2013-02-05 Life Lessons for Mastering the Law of Attraction teaches you what you need to know about living the Law of Attraction and how to create your own personal success through its concepts.
